Green Audit 2019-2020

1. Introduction:

Shri Sant Gajanan Mahavidyalaya, Kharda. It protects its own environment by maintaining it green with the help of about 98 large and many more small plants in campus. Our staff and students always try to keep the campus pollution free in all possible ways. The management, administration and the students of the college look after the environment carefully. Every year, during rainy season, we perform tree-plantation and carefully look after the planted trees. As a result, now we have about 98 trees in our campus. Besides, we are having eco-friendly units like rain-water-harvesting units, vermin-composting unit, etc.

2. ENVIRONMENTAL POLICY OF THE COLLEGE:

We have our own environmental policy that includes-

1. To comply with all requisite environmental legislations and government guidelines, wherever applicable.
2. To ensure that there is optimum utilization of resources and waste generation is minimized.
3. To integrate environmental concerns in decision-making, e.g. purchasing policy, teaching-learning process, communications, etc.
4. To implement an environment management system.
5. Education and training of students, staff and society in environmental issues and the environmental effects of their activities.
6. Monitoring progress and reviewing environmental performance against targets and objectives on a regular basis.
7. To maintain the campus pollution-free by all possible ways like maximal use of natural light, with ventilation.
